Letter to Parents (Nonpricing Program)

Dear Parent/Guardian:

The child care center participates in the Child and Adult Care Food Program (CACFP) offered by the U.S. Department of Agriculture (USDA) and serves meals at no separate charge to all enrolled children. The reimbursement received from the CACFP helps with our food costs, and therefore, enables us to keep our fees for care as low as possible.

Please help us comply with the requirements of the USDA CACFP. Please complete, sign, and return the attached meal benefit form (MBF) to the center as soon as possible. However, you are not required to submit the MBF to participate in the program. All children enrolled in our center receive their meals at no separate charge, but the determination of eligibility category affects the amount of funding received by our center. This information is necessary to receive the reimbursement for the meals we serve to children in our program. If your first language is not English, you have a right to ask us for written or oral translation of these materials free of charge in your native language.

If your household currently receives benefits under the CalFresh Program (formerly Food Stamps), the California Work Opportunity and Responsibility for Kids (CalWORKs), or the Food Distribution Program on Indian Reservations (FDPIR), you only need to list your current CalFresh, CalWORKs, or FDPIR case number on the MBF. You must also have an adult sign and date the MBF.

However, if your household does not receive benefits under CalFresh, CalWORKs, or FDPIR, please complete the MBF and make sure you:

- Provide the names of all household members and their income by source; and
- Have an adult sign, date, and provide the last four digits of their Social Security number (SSN) or check the box Check here if no SSN (only if the adult does not have an SSN).

For All Households

The USDA defines a household as a group of related or unrelated individuals (not residents of a boarding house or an institution) who are living as one economic unit (i.e., sharing living expenses). Therefore, the income reported on the MBF must include the gross income of all members of your household by source.

The income you report must be the total gross income received last month, listed by source for each household member. If last month's income does not accurately reflect your circumstances, you may provide a projection of your monthly income. If no significant change has occurred, you may use last year's income as a basis to make this projection. If your household's income is equal to or less than the amounts indicated for your household's size on the attached Income Eligibility Guideline chart, the center receives a higher level of reimbursement for meals served to your child(ren).

Once properly approved for free or reduced-price benefits, whether through income or proof of benefits as supported by a current CalFresh, CalWORKs, or FDPIR case number, your child(ren) will remain eligible for those benefits for 12 months.

Foster Children

For households with foster children, please contact us for additional information.

Confidentiality of Information on the Meal Benefit Form

We will use the information on the form to decide the level of reimbursement our center is eligible to receive. We will place the MBF in our food program files and keep the information confidential. Only upon your request will we share the information on your form with officials of other child nutrition, health, and education programs so they can use it to determine benefits for those programs.

Thank you for your cooperation. If you have any questions or need assistance in filling out the MBF, please contact:

YMCA of Greater Whittier Biting Policy

Biting is, unfortunately, not uncommon for children. Some children communicate through this behavior. However, biting can be harmful to other children and to staff. This biting policy has been developed with both of these ideas in mind.

As a childcare provider, we understand that biting, unfortunately, does occur. Our goal is to help identify what is causing the biting and resolve these issues. If the issue cannot be resolved, this policy serves to protect the children that are bitten. If a biting incident occurs, state regulations require that the parent of the child biting and the parent of the child who was bitten be contacted. Names of the children are not shared with either parent.

When Biting Does Occur:

Our staff strongly disapproves of biting. The staff's job is to keep the children safe and help a child that bites learn different, more appropriate behavior.

If a child bits more than 3 times in a 30 day period they may be removed from the program.

For the child that was bitten:

1. The teacher will comfort the child. First aid is given to the bite. Ice will be provided and the area is to be cleaned with soap and water and covered with a bandage if needed.

- 2. The teacher will immediately notify the director staff, at which time parents are notified.
- 3. A Parent Communication form will be completed, documenting the incident.

For the child that bit:

- 1. The child will be removed from the situation.
- 2. The teacher will explain to the child why biting anyone is not okay and explain to the child how they hurt their friend.
- 3. The parents are notified. If more than one biting incident occurs in a day the child will be sent home.
- 4. A Parent Communication form will be completed, documenting the incident.
- 5. A conference with the Director will be scheduled to discuss any concerns/questions and possible solutions.

When Biting Continues:

1. <u>If personnel is available</u>, the child will be shadowed to help prevent any further biting incidents.

2. The child will be observed by the classroom staff to determine what is causing the child to bite. The administrative staff may also observe the child if the classroom staff is unable to determine the cause.

3. The child will be given positive attention and approval for positive behavior.

4. The Director will ensure the teacher has adequate resources and training necessary to keep the children active and engaged in supervised activities.

Second Bite

1. The Director will call the parent to pick up the child for the remainder of the day. And the child will be suspended from the program for one additional day.

2. The Director will schedule a conference with the parents of the child who is biting to develop a plan for home and the center to stop the biting.

When Biting Becomes Excessive:

- 1. After all preventative steps have been tried by the staff members, if the child bites for the third time the Director will call the parent to pick up the child.
- 2. Chronic biting will require that a child be withdrawn from the program For at least 30 days. If a child is suspended, the parent will be informed that the child may return to the center after the 30 60 day period and the biting is abated.
- 3. If the child returns to the center, continues to bite, and is endangering the other children, the child may be terminated from the program permanently.

YMCA of Greater Whittier Child Care Corrective Action Policy

Introduction

The YMCA believes that children learn positive behavior through reinforcement and redirection. The most effective way to help a child learn positive behavior is to reward those behaviors so that the child will want to repeat them. We will teach alternative strategies or implement a behavior plan when appropriate behaviors are exhibited. We encourage verbalization of needs and feeling when it is developmentally appropriate.

We encourage the children to develop self-control to solve minor conflicts in a peaceful way. However, at times children behave inappropriately. Some of their behaviors may even be in injurious to themselves or others. We feel, in order to preserve the safety of the children, these behaviors must be regulated. We will implement the guidance and direction necessary for healthy growth and development. Parents will be notified if negative behavior becomes a concern.

Progressive corrective redirection refers to the concept of increased severity in consequences if a child repeatedly violates rules or fails to meet behavior expectations. In adherence to the principles of progressive corrective redirection, violations of the code of conduct or behavior standards are categorized into three categories and each carries its own series of consequences. The categories of violations are as follows:

- 1. Minor Violations
- 2. Major Violations
- 3. Critical Violations

When positive reinforcement measures do not result in children meeting acceptable standards of behavior, corrective action may be initiated by program staff as a tool to improve behavior. Corrective Action is an instrument to change unacceptable behavior and offer redirection.
